The screenshot shows the SAP License Manager interface. A context menu is open over the 'Delete License' option, which is highlighted in yellow. A red arrow labeled '2' points to this menu. Below the menu, the 'Current Settings' section displays the following information:

- Active Hardware Key: W0119749132
- Installation Number: DEMOSYSTEM
- License Expires On: 15.10.2015
- System Number: 000000000312681301

The 'Digitally-Signed Licenses' tab is selected, showing a message: 'NetWeaver_ADA A valid license key for this software product is required to operate this system.' Below this, the 'Installed Licenses in the Database' table is visible. A red circle labeled '1' highlights the first row of the table, which is highlighted in yellow:
